What's New

Registered Domestic Partners (RDP)

Effective for taxable years beginning on or after January 1, 2007, RDPs under California law must file their California income tax returns using either the married/RDP filing jointly or married/RDP filing separately filing status. RDPs will have the same legal benefits, protections, and responsibilities as married couples unless otherwise specified.

If you entered into in a same sex legal union in another state, other than a marriage, and that union has been determined to be substantially equivalent to a California registered domestic partnership, effective for taxable years beginning on or after January 1, 2007, you are required to file a California income tax return using either the married/RDP filing jointly or married/RDP filing separately filing status. For more information on what states have legal unions that are considered substantially equivalent, go to our Website at www.ftb.ca.gov and search for RDP.

For purposes of California income tax, references to a spouse, a husband, or a wife also refer to a California Registered Domestic Partner (RDP), unless otherwise specified. When we use the initials (RDP) they refer to both a California Registered Domestic

"Partner" and a California Registered Domestic "Partnership," as applicable. For more information on RDPs, get FTB Pub. 737, Tax Information for Registered Domestic Partners.

Minimum Wage Increase

Beginning January 1, 2007, California minimum wage increased to \$7.50 per hour. Beginning January 1, 2008, the minimum wage will increase to \$8.00 per hour.

General Information

In general, California law conforms to the Internal Revenue Code (IRC) as of January 2005. However, there are continuing differences between California and federal law. When California conforms to federal tax law changes, we do not always adopt all of the changes made at the federal level. For more information, go to our Website at www.ftb.ca.gov and search for conformity. Additional information can be found in FTB Pub. 1001, Supplemental Guidelines to California Adjustments, the instructions for California Schedule CA (540 or 540NR), and the Business Entity tax booklets.

The instructions provided with California tax forms are a summary of California tax law and are only intended to aid taxpayers in preparing their state income tax returns. We include information that is most useful to the greatest number of taxpayers in the limited space available. It is not possible to include all requirements of the California Revenue and Taxation Code (R&TC) in the tax booklets. Taxpayers should not consider the tax booklets as authoritative law.

Pass-Through Entities

For purposes of this booklet, the term "pass-through entity" refers to an S corporation, estate, trust, partnership, and limited liability company (LLC). References to "partnerships" include LLCs classified as partnerships.

Introduction

Economic Development Area Tax Incentives

California has established four types of economic development areas (EDAs) that have related tax incentives. These incentives have been established to stimulate growth and development in selected areas that are economically depressed. EDA tax incentives apply only to certain business transactions that are undertaken after an EDA has received final designation from the California Department of Housing & Community Development (HCD). Final designation is when the HCD designated an area to be an EDA. Tax incentives are available to individuals and businesses operating or investing within the geographic boundaries of the following EDAs:

- Enterprise Zones (EZs)
- Local Agency Military Base Recovery Areas (LAMBRAs)
- Manufacturing Enhancement Areas (MEAs)
- Targeted Tax Area (TTA)

Additional information on other EDAs can be found in the following FTB tax booklets:

- EZ tax incentives, FTB 3805Z, Enterprise Zone Business Booklet
- The MEA hiring credit, FTB 3808, Manufacturing Enhancement Area Business Booklet
- TTA tax incentives, FTB 3809, Targeted Tax Area Business Booklet

Reporting Requirement

California statutes require the Franchise Tax Board (FTB) to provide information to the California Legislature regarding the number of businesses using the EDA tax incentives, types of EDA tax incentives being used, and the EDAs in which the businesses are claiming the tax incentives.

Complete items A through J on form FTB 3807, Local Agency Military Base Recovery Area Deduction and Credit Summary, as applicable. This information will be used to meet the FTB's statutory reporting requirement.

Purpose

This booklet provides specific information on the types of available LAMBRA tax incentives. Taxpayers operating or investing in a business located within a designated LAMBRA may be eligible for the following credits and deductions:

- Hiring Credit
- Sales or Use Tax Credit
- Business Expense Deduction
- Net Operating Loss Carryover Deduction

Use this booklet to determine the correct amount of deductions and credits that the business may claim for operating or investing in a business located within a designated LAMBRA. Complete the worksheets in this booklet for each deduction or credit for which the business is eligible. Then enter the total deductions and credits on form FTB 3807.

LAMBRA Designation

LAMBRAs are established to stimulate growth and development in areas that experience military base closures. These are the designated LAMBRAs with their designation and expiration dates:

Southern California Logistic Airport	
Designation Date	Expiration Date
2/1/1996	2/20/2010
Castle Air Force Base	
Designation Date	Expiration Date

For taxable years beginning in or after 2002, the designation of a LAMBRA is for an eight-year period that shall expire eight years after the state of California has determined the later of the following specified conditions has been met:

- The governing body has notified the state of California that legal title to the parcels on the former military base has been transferred to the governing body; or in the case of early transfer authority, the terms and conditions for satisfying the requirements of environmental clean up on the military base have been met and regulatory closure has occurred.
- The governing body has notified the state of California that vouchers have been issued to an employer that has entered into a lease or has received title to the property located within the LAMBRA.

Who Can Claim the LAMBRA Tax Incentives?

The LAMBRA credits and deductions are available to individuals, sole proprietors, corporations, estates, trusts, and partnerships operating or investing in a business located within a designated LAMBRA.

How to Claim Deductions and Credits

To claim any LAMBRA deduction or credit, **attach** a completed form FTB 3807 to your California tax return.

Attach a separate form FTB 3807 for each business you operate or invest in that is located within a LAMBRA.

- For corporations, complete Schedule Z and all the worksheets except for Worksheet IV, Section C, to report credits and deductions incurred.
- For sole proprietors, complete Schedule Z and all the worksheets to report credits and deductions incurred.
- For trusts, estates, and partnerships, complete Worksheet II through Worksheet III; Worksheet IV, Section A; and form FTB 3807, Side 1, to report credits and deductions incurred.

- Individual investors receiving pass-through LAMBRA credits or the business expense deduction, complete Worksheet IV, Section C; Schedule Z; and form FTB 3807, Side 1. All other investors complete Worksheet IV, Section A; Schedule Z; and form FTB 3807, Side 1.
- Individual investors receiving a pass-through loss, and having an overall net operating loss, complete Worksheet IV, Section C; Worksheet V, Section A and/or C; and form FTB 3807, Side 1. All other investors complete Worksheet IV, Section B; Worksheet V, Section B and/or C; and form FTB 3807, Side 1.

Schedule Z is on Side 2 of form FTB 3807.

To assist with the processing of the tax return, indicate that the business operates or invests within a LAMBRA by doing the following:

Form 540 filers: Claim LAMBRA business tax incentives on Form 540, lines 14 and 25 through 27, as applicable.

Long Form 540NR filers: Claim LAMBRA business tax incentives on Long Form 540NR, lines 14 and 32 through 34, as applicable.

Form 100 filers: Claim LAMBRA business tax incentives on Form 100, line 15, line 21, and line 25 through line 27, as applicable.

Form 100S filers: Claim LAMBRA business tax incentives on Form 100S, line 12, line 19, and line 23 through line 25, as applicable.

Form 100W filers: Claim LAMBRA business tax incentives on Form 100W, line 15, line 21, and line 25 through line 27, as applicable.

Form 109 filers: Check the "Yes" box for the LAMBRA question G on the top of Form 109, Side 1.

Keep all completed worksheets and supporting documents for your records.

Net Increase in Jobs Requirement – To qualify for the LAMBRA business tax incentives, a business must have a net increase of one or more jobs within the first two taxable years of commencing business within the LAMBRA.

Taxpayers engaged in operations within a LAMBRA are allowed to utilize the designated LAMBRA business tax incentives beginning in the first year of operation in the LAMBRA even though they have not yet fulfilled the net increase in jobs requirement. However, if after the end of the second taxable year of operations within the LAMBRA a taxpayer does not fulfill the net increase in jobs requirement, then recapture any LAMBRA business tax incentives claimed in prior years.

~~The net increase in jobs is computed on form FTB 3807.~~

Instructions for items A through J on form FTB 3807, Side 1

For corporations, estates, trusts, partnerships, exempt organizations, and sole proprietors, complete items A through J.

Investors of pass-through entities, complete items A through D. ~~See form FTB 3807, Side 1 for more information.~~

Principal Business Activity (PBA) Codes

~~The FTB implemented the new Principal Business Activity (PBA) code chart that is based on the North American Industry Classification System (NAICS) published by the United States Office of Management and Budget. Accordingly, the PBA and NAICS codes are used for purposes of business classification. Enter the PBA code of the business on form FTB 3807, Side 1. The PBA codes are listed on pages 22 through 24.~~

Part I Net Increase in Jobs — FTB 3807, Side 1

Complete the Net Increase in Jobs Worksheet on the following pages only if you have been doing business in a LAMBRA for two years. Enter the results on form FTB 3807, Part I, line 1.

~~A taxpayer that conducts a trade or business within a LAMBRA and for the first two taxable years, has a net increase in jobs (defined as 2,000 paid hours per employee per year) of one or more employees in the LAMBRA, may claim certain economic incentives.~~

The net increase in jobs is determined by subtracting the total number of full-time employees in California prior to starting business in the LAMBRA, from the number of full-time employees in California in the second year after operation in the LAMBRA. For this purpose, the number of full-time employees for each year is determined as follows:

- The total number of hours worked in California by hourly employees (not to exceed 2,000 hours per employee) divided by 2,000.
- The total number of months worked in California by salaried employees divided by 12.

If your only business in California began with your LAMBRA business, your number of California employees prior to starting business in the LAMBRA is zero.

If your business in California began during the taxable year, the first year employment information is prorated. Multiply the divisors 2,000 (hours for hourly employees) and 12 (months for salaried employees) by a fraction, the numerator is the number of months of doing business and the denominator is 12.

If your business has a net increase in jobs for the first two taxable years after commencing business operations in the LAMBRA, you must also employ one or more full-time employees within the LAMBRA in each of these years.

For this purpose, the number of full-time employees for each year is determined as follows:

- The total number of hours worked in the LAMBRA by hourly employees (not to exceed 2,000 hours per employee) divided by 2,000.
- The total number of months worked in the LAMBRA by salaried employees divided by 12.

If your business in the LAMBRA began during the taxable year, the first year employment information is prorated. Multiply the divisors

Net Increase in Jobs Worksheet

	(a) Taxable year prior to operating in the LAMBRA	(b) 2nd taxable year after starting operations in the LAMBRA
1 Enter the total number of hours within California worked by hourly employees during the taxable year in column (a) and column (b). The total hours per employee cannot exceed 2,000. If your only business in California began with your LAMBRA business, enter zero in column (a) of line 1		
2 Divide line 1 of each column by 2,000		
3 Enter the total number of months within California worked by salaried employees. The total months per salaried employee cannot exceed 12		
4 Divide line 3 of each column by 12		
5 Add line 2 and line 4 of each column		
6 Subtract line 5, column (a) from line 5, column (b). Enter the amount here and on form FTB 3807, Part I, line 1a.		

If the amount on line 6 is equal to or greater than one, then continue to line 7. If the amount on line 6 is less than one, your business **does not** qualify for the LAMBRA business tax incentives. Recapture (in the current year) any LAMBRA credits or deductions that were previously taken.

	(a) 1st taxable year after starting operations in the LAMBRA	(b) 2nd taxable year after starting operations in the LAMBRA
7 Enter the total number of hours worked within the LAMBRA by hourly employees during the taxable year in column (a) and column (b). The total hours per employee cannot exceed 2,000		
8 Divide line 7 of each column by 2,000		
9 Enter the total number of months worked within the LAMBRA by salaried employees. The total months per salaried employee cannot exceed 12		
10 Divide line 9 of each column by 12		
11 Add line 8 and line 10 of each column		

Enter the amount from line 11, column (a) on form FTB 3807, Part I, line 1b. Enter the amount from line 11, column (b) on form FTB 3807, Part I, line 1c.

Net Increase in Jobs Worksheet – Example:

A Corporation employs four individuals prior to establishing operations in the LAMBRA on January 1, 2006. The following is the employment information for the employees for the taxable year prior to operating in the LAMBRA:

- Employee #1: Salaried, employed for 12 months.
- Employee #2: Hourly, full-time; worked 2,080 hours per year.
- Employee #3: Hourly, part-time; worked 1,500 hours per year.
- Employee #4: Hourly, part-time; worked 1,500 hours per year.

The corporation moves its entire operations within the LAMBRA on January 1, 2006. At the end of the first year of operation within the LAMBRA, the corporation employed the following individuals:

- Employee #1: Salaried, employed for 24 months.
- Employee #2: Hourly, full-time; worked 2,080 hours during the year.
- Employee #3: Hourly, part-time; worked 2,000 hours during the year.
- Employee #4: Hourly, part-time; worked 1,600 hours during the year.
- Employee #5: Hourly, part-time; worked 1,600 hours during the year.

At the end of the 2nd year of operation in the LAMBRA, the corporation employed the following individuals:

- Employee #1: Salaried, employed for 36 months.
- Employee #2: Hourly, full-time; worked 2,080 hours during the year.
- Employee #3: Hourly, part-time; worked 2,000 hours during the year.
- Employee #4: Hourly, part-time; worked 1,700 hours during the year.
- Employee #5: Hourly, part-time; worked 1,900 hours during the year.

The worksheet would be completed as follows:

	(a) Taxable year prior to operating in the LAMBRA	(b) 2nd taxable year after starting operations in the LAMBRA
1 Enter the total number of hours worked within California by hourly employees during the taxable year in column (a) and column (b). The total hours per employee cannot exceed 2,000. If your only business in California began with your LAMBRA business, enter zero in column (a) of line 1.	5,000 ^a	7,600 ^b
2 Divide line 1 of each column by 2,000	2.5	3.8
3 Enter the total number of months worked within California by salaried employees. The total months per salaried employee cannot exceed 12.	12 ^d	12 ^d
4 Divide line 3 of each column by 12.	1	1
5 Add line 2 and line 4 of each column	3.5	4.8
6 Subtract line 5, column (a) from line 5, column (b). Enter the amount here and on form FTB 3807, Part I, line 1a.	1.3	

If the amount on line 6 is equal to or greater than one, then continue to line 7. If the amount on line 6 is less than one, your business **does not** qualify for the LAMBRA business tax incentives. Recapture (in the current year) any LAMBRA credits or deductions that were previously taken.

	(a) 1st taxable year after starting operations in the LAMBRA	(b) 2nd taxable year after starting operations in the LAMBRA
7 Enter the total number of hours worked within the LAMBRA by hourly employees during the taxable year in column (a) and column (b). The total hours per employee cannot exceed 2,000.	7,200 ^c	7,600 ^b
8 Divide line 7 of each column by 2,000	3.6	3.8
9 Enter the total number of months worked within the LAMBRA by salaried employees. The total months per salaried employee cannot exceed 12.	12 ^d	12 ^d
10 Divide line 9 of each column by 12.	1	1
11 Add line 8 and line 10 of each column	4.6	4.8

Enter the amount from line 11, column (a) on form FTB 3807, Part I, line 1b. Enter the amount from line 11, column (b) on form FTB 3807, Part I, line 1c.

a	b	c	d
Employee #2 2,000	Employee #2 2,000	Employee #2 2,000	Employee #1
Employee #3 1,500	Employee #3 2,000	Employee #3 2,000	
Employee #4 1,500	Employee #4 1,700	Employee #4 1,600	
5,000	Employee #5 1,900	Employee #5 1,600	
	7,600	7,200	

2,000 (hours for hourly employees) and 12 (months for salaried employees) by a fraction. The numerator is the number of months of doing business and the denominator is 12.

Important! If your business does not have a net increase in jobs for the two taxable years after commencing business operations in the LAMBRA and employs one or more full-time employees within the LAMBRA in each of the first two years, recapture (in the current year) any LAMBRA credits or deductions that were previously taken.

Part II Credits and Recapture

2a Hiring Credit

Employers conducting a trade or business within a LAMBRA may claim the hiring credit for hiring a qualified disadvantaged individual or a qualified displaced employee.

Qualified Disadvantaged Individual

A qualified disadvantaged individual is an individual who meets all of the following:

- Was hired after the LAMBRA received its final designation.
- Spends at least 90% of work time for the qualified employer on activities directly related to the conduct of a trade or business located within the LAMBRA.
- Performs at least 50% of the work for the qualified employer within the boundaries of the LAMBRA.

~~For taxable years beginning on or after January 1, 1999, a qualified employee is an individual who meets any of the following:~~

- ~~• A civilian or military employee of a base or former base who has been displaced as a result of a federal base closure act.~~
- Anyone who immediately before starting work for the employer was any of the following:
 1. A person who has been determined eligible for services under the federal Job Training Partnership Act (JTPA).
 2. A person eligible to be a voluntary or mandatory registrant under the Greater Avenues for Independence Act of 1985 (GAIN).
 3. An economically disadvantaged individual 16 years of age or older.
 4. A qualified dislocated worker.
 5. An individual who is enrolled in or has completed a state rehabilitation plan.
 6. A service-connected disabled veteran.
 7. A veteran of the Vietnam era.
 8. A veteran who recently separated from military service.
 9. An ex-offender.
 10. A person who is a recipient of any of the following:
 - Federal Supplemental Security Income (SSI) benefits.
 - ~~• Temporary Assistance for Needy Families (TANF).~~
 - Food stamps.
 - State and local general assistance.
 11. A Native American.

For more information, refer to federal JTPA or ~~its successor, the Workforce Investment Act (WIA).~~

Employers hiring qualified employees, get the Form HCD-EZ1 or Voucher App 10-07 from the local agency responsible for verifying employee eligibility. Contact the local LAMBRA coordinator for more information on the local agency and verification process.

The percentage of wages used to compute the credit depends on the number of years the employee works for the employer in the LAMBRA. The applicable percentage begins at 50% and declines 10% for each year of employment. After the fifth year of employment, no credit can be generated.

Qualified Wages

Qualified wages means the wages paid or incurred by the employer during the taxable year to a qualified disadvantaged individual or a qualified displaced employee that does not exceed 150% of the minimum wage. The wages must be paid or incurred on or after the designation date.

Wages that qualify for the hiring credit are those wages paid to a qualified employee for the consecutive 60-month period beginning on the first date the employee commenced employment with the employer. For an employer that operates a business that has regularly occurring seasonal or intermittent employment decreases and increases, reemployment of an individual is not a new hire; rather, it is a continuation of the prior employment and does not constitute commencement of employment for the qualified wages test. Qualified wages are the smaller of the following:

- The actual hourly rate paid or incurred by the business for work performed by the employee during the taxable year.
- 150% of the minimum hourly wage established by the Industrial Welfare Commission.

Where the California minimum wage is higher than the federal minimum wage, the California minimum wage is used for purposes of computing the LAMBRA hiring credit. The current minimum wage is \$7.50 per hour. For purposes of computing the LAMBRA hiring credit, 150% of the minimum wage is \$11.25 per hour.

Example:

John Anderson was hired on January 1, 2007. John's hourly rate for the first month was the minimum wage (\$7.50). At the beginning of the second month, his hourly rate increased to \$8.00. In the third month, John's hourly rate increased to \$12.00. The hourly rate that qualifies for the credit is limited to 150% of the minimum wage, or currently \$11.25 per hour. The amount of qualified wages is computed as follows:

Month(s)	Hours per month	x Hourly rate allowed	= Qualified wages per month
1	175	\$ 7.50	\$1,312.50
2	170	8.00	\$1,360.00
3	170	11.25	\$1,912.50

Record Keeping

Retain a copy of Form HCD-EZ1 or Voucher App 10-07 to substantiate an individual's eligibility as a "qualified employee." In addition, for each qualified employee, keep a schedule for the first 60 months of employment showing (at least) the following:

- Employee's name.
- Date the employee was hired.
- Number of hours the employee worked for each month of employment.
- Smaller of the hourly rate of pay for each month of employment or 150% of the minimum wage.
- Total qualified wages per month for each month of employment.
- Records of any other federal or state subsidies you may have received for hiring the qualified employee.
- Location of the employee's job site and duties performed.

2b Hiring Credit Recapture

Employers recapture (add back to the tax liability) the amount of credit attributable to an employee's wages if you terminate an employee at any time during the longer of the following:

- The first 270 days of employment (whether or not consecutive).
- 90 days of employment plus 270 calendar days.

Employers of seasonal employees, recapture the amount of hiring credit attributable to the employee's wages if both of the following apply:

- The employer terminates the employee before the completion of 270 days of employment.
- The 270 days is during the 60-month period beginning the day the employee commences employment with the employer.

A "day of employment" means any day the employee receives wage compensation (including a paid sick day, holiday, or vacation day).

Employers add to the current year's tax the amount of credit claimed in the year of termination and all prior years in which the credit was claimed for the terminated employee.

The credit recapture does not apply if the termination of employment was any of the following:

- Voluntary on the part of the employee.
- In response to misconduct of the employee.
- Caused by the employee becoming disabled (unless the employee was able to return to work and the employer did not offer to reemploy the individual).

- Carried out so that other qualified individuals could be hired, creating a net increase in both the number of qualified employees and their hours worked.
- Due to a substantial reduction in the employer's trade or business operations.

This credit is also subject to recapture if the net increase in jobs requirement is not met. See the instructions for form FTB 3807, Part I, Net Increase in Jobs, on page 4.

Instructions for Worksheet I — Hiring Credit and Recapture

Section A – Credit Computation

Line 1, column (a) – Enter the name of each qualified employee. Attach additional schedule(s) if necessary.

Line 1, column (b) through column (f) – Enter the qualified wages paid or incurred during the taxable year to each qualified employee listed in column (a) in the appropriate column.

Line 2, column (b) through column (f)
– Add the amount of qualified wages in each column.

Line 3, column (b) through column (f)
– Multiply the total in each column of line 2 by the percentage in each column.

Line 5 – ~~The federal jobs tax credit to include on this line is the Work Opportunity Tax Credit (WOTC). Reduce the LAMBRA hiring credit by the amount of the WOTC claimed, based on the wages paid to individuals hired on or after January 1, 2007, and before January 1, 2008.~~

No other California jobs tax credit may be claimed for the same wage expense paid to the employees shown in line 1, column (a).

Line 6 – For partnerships, enter the amount from line 6 on form FTB 3807, Side 1, Part II, line 2a. Also, include the current year hiring credit amount on Forms 565 and 568, Schedule K, line 15f and the distributive share of the credit to partners and members on Schedule K-1, line 15f. In addition, add the entire amount of the credit on Schedule K, line 1, column (c).

For corporations, individuals, estates, and trusts, enter the amount from line 6 on Schedule Z, as follows:

- Part II, line 8B, column (b) for corporations, individuals, estates, and trusts.
- Part III, line 10, column (b) for S corporations.
- Part IV, line 12, column (b) for corporations and S corporations subject to paying only the minimum franchise tax.

Credit Limitations

- The cumulative qualified wages used to compute the credit cannot exceed \$2,000,000. The limit applies for **each** taxable year, regardless of the number of qualified disadvantaged individuals employed.
- The amount of hiring credit claimed may not exceed the amount of tax on LAMBRA business income in any year. Use Schedule Z to compute the credit limitation.
- Any unused credit may be carried over and applied against the tax imposed on LAMBRA business income in future years until exhausted.
- Businesses reduce any deduction for wages by the amount of this credit.
- In the case where the business is qualified to take the LAMBRA hiring credit as well as another credit (e.g., enterprise zone, MEA, or TTA hiring credit) for the same wage expense, the business may only claim one credit.
- S corporations may claim only 1/3 of the LAMBRA hiring credit against the 1.5% entity-level tax (3.5% for financial S corporations.) S corporations can pass through 100% of the credit to their shareholders.

Worksheet I Hiring Credit and Recapture — LAMBRA

Section A Credit Computation

		Qualified wages paid or incurred for year of employment				
	(a) Employee's name	(b) 1st year	(c) 2nd year	(d) 3rd year	(e) 4th year	(f) 5th year
1						
2	Total. See instructions					
3	Multiply line 2 by the percentage in each column. See instructions50	.40	.30	.20	.10
4	Add the amounts on line 3, column (b) through column (f)	4				
5	Enter the amount of 2007 federal jobs tax credit allowed. See instructions.	5				
6	Subtract the amount on line 5 from the amount on line 4 and enter the result here. See instructions.	6				

You cannot take the LAMBRA hiring credit as well as another credit for the same wage expense.

Section B Credit Recapture

	(a) Terminated employee's name	(b) Recapture amount
1		
2	Total amount of credit recapture. Add the amounts in column (b). See instructions for where to report on your California tax return.	2

- S corporations reduce their wage deduction by 1/3 of the amount on Worksheet I, Section A, line 4 and on Form 100S, line 7. In addition, the S corporation must make an adjustment for the entire amount of the credit on Schedule K (100S), line 1, column (c).

Example: In 2007, an S corporation qualified for a \$3,000 LAMBRA hiring credit. The S corporation can claim a credit for \$1,000 and reduce its wage deduction by \$1,000 (\$3,000 X 1/3) on Form 100S, line 7. On Form 100S, Schedule K, line 1, column (c), the S corporation would add \$3,000 to the S corporation's ordinary income or loss to reflect the credit passed through to the shareholder(s).

For additional information about the treatment of credits for S corporations, see instructions for Schedule Z.

Section B – Credit Recapture

Line 1, column (a) – Enter the name of the terminated employee. Attach additional schedule(s) if necessary.

Line 1, column (b) – Enter the amount of credit recapture for each employee listed in column (a).

Line 2 – Enter the amount from line 2, column (b) on form FTB 3807, Side 1, Part II, Line 2b.

Also include the amount of hiring credit recapture on your California tax return or schedule as follows:

- Form 100, Schedule J, line 5.
- Form 100S, Schedule J, line 5 and Schedule K-1 (100S), line 17d.
- Form 100W, Schedule J, line 5.
- Form 109, Schedule K, line 4.
- Form 540, line 33.
- Long Form 540NR, line 41.
- Form 541, line 21b and Schedule K-1 (541), line 14d.
- Form 565, Schedule K, line 20c and Schedule K-1 (565), line 20c.
- Form 568, Schedule K, line 20c and Schedule K-1 (568), line 20c.

Indicate that you included the hiring credit recapture on your tax return by writing "FTB 3807" in the space provided on the schedule or form.

Partnerships identify the recapture amounts for their partners and members on Schedule K-1 (565 or 568).

S corporation shareholders recapture the portion of the credit that was previously claimed, based on the terminated employee's wages. Also identify the recapture amount for shareholders on Schedule K-1 (100S). This amount will differ from the amount recaptured by the S corporation on Form 100S, Schedule J.

2c Sales or Use Tax Credit

Individuals, estates, trusts, and partnerships may claim a credit equal to the sales or use tax paid or incurred to purchase up to \$1 million of qualified property.

Corporations may claim a credit equal to the sales or use tax paid or incurred to purchase up to \$20 million of qualified property. Individuals who are S corporation shareholders may claim their pro-rata share of pass-through credit to the extent the S corporation paid or incurred the sales or use tax to purchase up to \$1 million of qualified property. See the example on this page.

The qualified property must be purchased and placed in service on or after the designation date, but before the expiration date of the LAMBRA. The sales or use tax must be paid or incurred on or after the designation date.

Qualified property is defined as follows:

- High technology equipment, such as computers and electronic processing equipment.
- Aircraft maintenance equipment, such as engine stands, hydraulic mules, power carts, test equipment, handtools, aircraft start carts, and tugs.
- Aircraft components, such as engines, fuel control units, hydraulic pumps, avionics, starts, wheels, and tires.
- IRC Section 1245 property.

The business must use the property **exclusively** within the boundaries of the LAMBRA.

The use tax paid or incurred on purchases of property manufactured outside of California qualifies for the credit only if property of a comparable quality and price was not available for timely purchase and delivery from a California manufacturer.

Leased Property

The sales tax paid or incurred on qualified property being purchased using a financial (conditional sales) contract qualifies for the sales or use tax credit.

To determine whether the lease qualifies as a purchase rather than a true lease, see federal Revenue Ruling 55-540, and FTB Legal Ruling 94-2.

Credit Limitations

- The amount of sales or use tax credit claimed may not exceed the amount of tax on the LAMBRA business income in any year. After completing Worksheet II, use Schedule Z to compute the credit limitation.
- Any unused credit may be carried over and applied against the tax on LAMBRA business income in future years until exhausted. In the case of an S corporation, 2/3 of the credit is lost and the remaining 1/3 can be carried over if it cannot be used in the current year.

For more information about the treatment of credits for S corporations, see instructions for Schedule Z inside this booklet.

Depreciation

Any taxpayer that elects to claim this credit cannot increase the basis of the qualified property by the sales or use tax paid or incurred in connection with the purchase of qualified property.

Example:

XYZ Inc., an S corporation, purchases qualified property for \$20 million (\$20 m.). The sales tax rate is 6% (.06) and the entity-level tax rate is 1.5% (.015).

The credit allowed XYZ Inc. and the depreciable basis of the qualified property for XYZ Inc. are computed as follows:

Facts	Depreciable basis
Qualified property	\$20 m.
Sales tax paid (\$20 m. x .06)	+1.2 m.
Sales or use tax credit allowed XYZ Inc.	<u>(1.2 m.)</u>
Depreciable basis of qualified property for XYZ Inc.	\$20 m.
Credit allowed to offset the entity-level tax (\$1.2 m. x 1/3)	\$0.4 m.

XYZ Inc. has two 50% shareholders. The credit allowed the shareholders and the depreciable basis of the qualified property for the shareholders are computed as follows:

Facts	Depreciable basis
Qualified property (purchased by XYZ Inc.)	\$20 m.
Sales tax paid (\$20 m. x .06)	+1.2 m.
Maximum qualified costs for sales or use tax credit is 1m.	
Sales or use tax credit allowed to the shareholders (\$1 m. x .06)	<u>(.06 m)</u>
Depreciable basis of qualified property for the shareholders	\$21.14 m.
Total amount of credit allowed to the shareholders	.06 m.

Each shareholder is allowed a \$30,000 (.06 m. ÷ 2 = .03 m.) sales or use tax credit.

To compute the difference between California and federal depreciation, use the following forms and schedules:

- Form 100 and Form 100W filers – FTB 3885, Corporation Depreciation and Amortization
- Form 100S filers – Schedule B (100S), S Corporation Depreciation and Amortization
- Form 109 filers – Form 109, Schedule J, Depreciation
- Exempt trusts use form FTB 3885F, Depreciation and Amortization
- Form 540 and Long 540NR filers – FTB 3885A, Depreciation and Amortization
- Form 541 filers – FTB 3885F, Depreciation and Amortization
- Form 565 filers – FTB 3885P, Depreciation and Amortization
- Form 568 filers – FTB 3885L, Depreciation and Amortization

Record Keeping

To support the sales or use tax credit claimed, keep all records that document the purchase of the qualified property, such as the sales receipt and proof of payment. Additionally, keep all records that identify or describe the following:

- The property purchased (such as serial numbers, etc.).
- The amount of sales or use tax paid or incurred on its purchase.
- The location where it is used.
- If purchased from a manufacturer located outside California, records to substantiate that property of comparable quality and price was not timely available for purchase in California.

2d Sales or Use Tax Credit Recapture

The sales or use tax credit is subject to recapture (added back to tax liability) if, before the close of the second taxable year after the property was placed in service, it is disposed of or is no longer used exclusively in the LAMBRA trade or business. In that case, the credit amount for that property is added to the tax in the current taxable year.

This credit is also subject to recapture if the net increase in jobs requirement is not met. See the instructions for Net Increase in Jobs, on page 4.

Instructions for Worksheet II — Sales or Use Tax Credit and Recapture

Section A – Credit Computation

Line 1, column (a) – List the items of qualified property purchased during the year. For each item, provide the location (street address and city) of its use. Attach additional schedule(s) if necessary.

Line 1, column (b) – Enter the cost of the property listed in column (a).

Line 1, column (c) – Enter the amount of sales or use tax paid or incurred on the property listed in column (a).

Line 2, column (b) – Add the amounts on line 1, column (b). This amount cannot exceed \$1 million for individuals, estates, trusts, partnerships, or \$20 million for corporations. When computing the amount of credit to pass through to S corporation shareholders, use the \$1 million limitation.

Line 2, column (c) – For partnerships enter the amount from line 2, column (c), on form FTB 3807, Side 1, Part II, line 2c. Also, include the current year sales or use tax credit amount on Forms 565 and 568, Schedule K, line 15f and the distributive share of the credit to partners and members on Schedule K-1, line 15f.

For corporations, individuals, estates, and trusts enter the amount from line 2, column (c), on Schedule Z, as follows:

- Part II, line 9B, column (b) for corporations, individuals, estates, and trusts.
- Part III, line 11, column (b) for S corporations.
- Part IV, line 13, column (b) for corporations and S corporations subject to paying only the minimum franchise tax.

Only the sales or use tax paid or incurred on the cost of qualified property up to the limitations on column (b) may be claimed as a credit.

Section B – Credit Recapture

Line 1, column (a) – Enter a description of the qualified property. Attach additional schedule(s) if necessary.

Line 1, column (b) – Enter the amount of credit recapture for each property listed in column (a).

Line 2 – Enter the amount from line 2, column (b) on form FTB 3807, Side 1, Part II, line 2d.

Also include the amount of sales or use tax credit recapture on your California tax return or schedule as follows:

- Form 100, Schedule J, line 5.
- Form 100S, Schedule J, line 5 and Schedule K-1 (100S), line 17d.
- Form 100W, Schedule J, line 5.

- Form 565, Schedule K, line 20c and Schedule K-1 (565), line 20c.
- Form 568, Schedule K, line 20c and Schedule K-1 (568), line 20c.

Indicate that you included the sales or use tax credit recapture on your tax return by writing **"FTB 3807"** in the space provided on the schedule or form.

Partnerships identify the recapture amounts for partners and members on Schedule K-1 (565 or 568).

S corporations and their shareholders recapture the portion of credit that was previously claimed. S corporations also identify the recapture amount for shareholders on Schedule K-1 (100S). This amount will differ from the amount recaptured by the S corporation on Form 100S, Schedule J.

Part III Business Expense Deduction and Recapture

A trade or business operating within a LAMBRA may **elect** to treat 40% of the eligible cost of qualified property as a business expense rather than a capital expense. For the year the property is placed in service, the business may deduct the cost (subject to limitations) in that year rather than depreciate it over several years. The qualified property must be purchased and placed in service on or after the designation date, but before the expiration date of the LAMBRA.

The LAMBRA business expense deduction is not allowed for estates or trusts.

Qualified property is any recovery property that is IRC Section 1245 property, which includes, but is not limited to, tangible personal property (excluding buildings), most equipment, and most furnishings acquired by purchase after the LAMBRA received its final designation and before the designation expires for exclusive use within a LAMBRA. Office supplies and other small nondepreciable items are not included.

The maximum aggregate cost of the qualified property against which the 40% deduction may be claimed in any taxable year is determined by a reference to the number of taxable years that have elapsed since the LAMBRA received its final designation. See page 2, for the designation dates.

The maximum aggregate cost is:

Taxable year of designation	\$100,000
1st taxable year after designation	100,000
2nd taxable year after designation	75,000
3rd taxable year after designation	75,000
Each remaining taxable year after designation	50,000

Election

The business must elect to treat the cost of qualified property as a business expense in

the year the property is first placed in service. However, this deduction is not allowed if the property was any of the following:

- Transferred between members of an affiliated group.
- Acquired as a gift or inherited.
- Traded for other property.
- Received from a personal or business relation as defined in IRC Section 267 or 707(b).
- Described in IRC Section 168(f).

The LAMBRA business expense deduction must be claimed by making an election on the original filed return, and thus cannot be claimed on an amended return. Such an election cannot be revoked without the written consent of the FTB.

A husband and wife filing separate returns may each claim 1/2 of the allowable deduction. In the case of a partnership, the dollar limitation applies to the partnership and to each partner. Each partner's business expense deduction passed through from the partnership is based on his/her allocable share of the allowable deduction.

Depreciation

Corporations may not claim the additional first-year depreciation allowed under R&TC Section 24356 on any item of property if any portion of it was deducted as a LAMBRA business expense. All other taxpayers cannot claim the deduction allowed under IRC Section 179 on any item of property if any portion of it was deducted as a LAMBRA business expense.

To compute the difference between California and federal depreciation, use the forms and schedules listed on page 8, column 3.

Instructions for Worksheet III — Business Expense Deduction and Recapture

Section A – Deduction Computation

Line 2, column (a) – Enter a description of the qualified property and the location of its use. Attach additional schedule(s) if necessary.

Line 2, column (b) – Enter the cost of the property listed in column (a).

Line 4 – Enter the amount from line 4, column (b) on form FTB 3807, Side 1, Part III, line 3a, and on your California tax return or schedule as follows:

- Form 100, line 15.
- Form 100S, line 12, Form 100S, Schedule K, line 11, and Schedule K-1 (100S), line 11.
- Form 100W, line 15.

- Schedule CA (540NR), column B, on the applicable line for your activity.
- Form 565, Schedule K, line 12 and Schedule K-1 (565), line 12.

- Form 568, Schedule K, line 12 and Schedule K-1 (568), line 12.

Section B – Deduction Recapture

The deduction is subject to recapture (added back to income) if, before the close of the second taxable year after the property was placed in service, the property is sold, disposed of, or no longer used exclusively in the LAMBRA trade or business.

This deduction is also subject to recapture if the net increase in jobs requirement is not met. See the instructions for Net Increase in Jobs on page 4.

Income Adjustment

Add to current year income the amount previously deducted for the property.

Basis Adjustment

As of the first day of the taxable year in which the recapture event occurs, the recapture amount is added back to the basis of the property in the year of recapture and then depreciated over the remaining life of the qualified property.

Line 1, column (a) – Enter a description of the property. Attach additional schedule(s) if necessary.

Line 1, column (b) – Enter the amount of the business expense deduction claimed for each property listed in column (a).

Line 2 – Enter the total here, on form FTB 3807, Side 1, Part III, line 3b, and on your California tax return or schedule as follows:

- Form 100, line 15, as a negative amount.
- Form 100S, line 12, as a negative amount, Form 100S, Schedule K, line 10b and Schedule K-1 (100S), line 10b.
- Form 100W, line 15, as a negative amount.
- Form 109, Part I, line 12.
- Schedule CA (540), column C, on the applicable line for your activity.
- Schedule CA (540NR), column C, on the applicable line for your activity.
- Form 565, Schedule K, line 11b and Schedule K-1 (565), line 11b.
- Form 568, Schedule K, line 11b and Schedule K-1 (568), line 11b.

Example:

XYZ Inc. purchased a property on June 1, 2005, that qualified the corporation to take the LAMBRA business expense deduction. The property was purchased for \$10,000 and had a useful life of five years. XYZ Inc.'s taxable year ends December 31 of each year. The corporation had a business expense deduction of \$4,000 for the taxable year ending December 31, 2005, on the property.

Assume the corporation disposes of the property or no longer uses the property in the LAMBRA on August 5, 2007. The property was placed in service in 2005. The first year after the property was placed in service was the 2006 taxable year. The second year after the property was placed in service was the 2007 taxable year. Since the property was disposed

of or no longer used in the LAMBRA before the end of the second year (December 31, 2007) after the year the property was placed in service, the business expense deduction (\$4,000) must be added to income in the 2007 taxable year. If the property was disposed of or no longer used in the LAMBRA after December 31, 2007, there is no recapture.

Situation 1

Assume on August 5, 2007, the corporation sells the asset. To compute the gain or loss on

the sale, the basis of the asset is increased by the recapture amount of \$4,000.

Situation 2

Assume on August 5, 2007, the corporation discontinues using the property in the zone, but does not sell the asset. To compute depreciation on the asset, the recapture amount is added to the remaining basis of the asset, and depreciation is then computed over the remainder of the useful life of the asset.

Assuming straight-line depreciation is used, the corporation will recognize \$2,833 (\$8,500/3) in depreciation expense in 2007. (\$8,500 is arrived at by adding the \$4,000 recapture amount to the \$4,500 remaining basis as of December 31, 2006.)

Part IV Portion of Business Attributable to the LAMBRA

LAMBRA business tax credits are limited to the tax on business income attributable to operations within the LAMBRA. LAMBRA NOL carryover deductions are limited to the business income attributable to operations within the LAMBRA. If the business is located within and outside a LAMBRA or in more than one LAMBRA, determine the portion of total business operations that are attributable to each LAMBRA.

Business Income vs. Nonbusiness Income

Business income is defined as income arising from transactions and activities in the regular course of the trade or business. Business income includes income from tangible and intangible property if the acquisition, management, and disposition of the property constitute integral parts of the taxpayer's regular trade or business operations. Nonbusiness income is all income other than business income. See Cal. Code Regs., tit. 18 section 25120 for further references and examples of nonbusiness income.

For an individual, business income includes but is not limited to California business income or loss from ~~Schedules C, D, D-1 (or federal Form 4797, Sales of Business Property, in lieu of a Schedule D-1), E, and F~~ as well as wages. Be sure to include casualty losses, disaster losses, and any business deductions reported on federal Form 1040 Schedule A as itemized deductions.

Generally, all income which arises from the conduct of trade or business operations of a taxpayer is business income.

If you elected to carry back part or all of your current year disaster loss under IRC Section 165(i)(1), do not include the amount of the loss that was carried back in your current year business income for the LAMBRA.

Pass-through entities report to their shareholders, beneficiaries, partners, and members the following items:

1. The distributive (or pro-rata for S corporations) share of the business income apportioned to the LAMBRA.
2. The distributive (or pro-rata for S corporations) share of the business capital gains and losses apportioned to the LAMBRA included in item 1.

Report these items as other information on Schedule K-1 (100S, 541, 565 or 568.)

Form 540 and Long Form 540NR filers within the LAMBRA, refer to Worksheet IV, Section C to compute business income apportioned to the LAMBRA.

For business entities, including sole proprietors, use Worksheet IV, Section A or B to compute business income/loss apportioned to the LAMBRA.

Apportionment

Business income is apportioned to the LAMBRA by multiplying the total California business income of the taxpayer by a fraction. The numerator is the property factor plus the payroll factor, and the denominator is two. Loss is apportioned to the LAMBRA by multiplying the taxpayer's net business operating loss from all sources by a fraction. The numerator is the property factor plus the payroll factor, and the denominator is two. If an employer conducts a business in more than one LAMBRA, the LAMBRA apportionment factor and credit limitations are computed separately for each LAMBRA.

Property Factor

Property is defined as the average value of all real and tangible personal property owned or rented by the business and used during the taxable year to produce business income.

Property owned by the business is valued at its original cost. Original cost is the basis of the property for federal income tax purposes (prior to any federal adjustment) at the time of acquisition by the business, adjusted for subsequent capital additions or improvements and partial dispositions because of sale or exchange. Allowance for depreciation is not considered.

Rented property is valued at eight times the net annual rental rate. The net annual rental rate for any item of rented property is the total rent paid for the property, less aggregate annual subrental rates paid by subtenants.

When determining income or loss apportionment on Worksheet IV, Section A or B, the numerator of the property factor is the average value of real and tangible personal property owned or rented by the business and used within the LAMBRA during the taxable year to produce LAMBRA business income. See Worksheet IV, Section A/B, column (b).

When determining income apportionment on Worksheet IV, Section A, the denominator of the property factor is the total average value of all real and tangible personal property owned or rented and used during the taxable year within California. See Worksheet IV, Section A, column (a).

When determining loss apportionment on Worksheet IV, Section B, the denominator of the property factor is the total average value of all the taxpayer's real and tangible personal property owned or rented and used during the taxable year to produce business income within and outside the LAMBRA. See Worksheet IV, Section B, column (a).

Payroll Factor

Payroll is defined as the total amount paid to the business's employees as compensation for the production of business income during the taxable year.

Compensation means wages, salaries, commissions, and any other form of remuneration paid directly to employees for personal services. Payments made to

independent contractors or any other person not properly classified as an employee are excluded.

Compensation Within the LAMBRA

Compensation is considered to be within the LAMBRA if any of the following conditions are met:

1. The employee services are performed within the geographical boundaries of the LAMBRA.
2. The employee services are performed within and outside the LAMBRA, but the services performed outside the LAMBRA are incidental to the employee services within the LAMBRA.
Incidental means any temporary or transitory service performed in connection with an isolated transaction.
3. If employee services are performed within and outside the LAMBRA, employee compensation is attributed to the LAMBRA if any of the following items are met:
 - A. The employee's base of operations is within the LAMBRA.
 - B. There is no base of operations in any other part of the state in which some part of the service is performed, and the place from which the service is directed or controlled is within the LAMBRA.
 - C. The base of operations or the place from which the service is directed or controlled is not in any other part of the state in which some part of the service is performed and the employee's residence is within the LAMBRA.

Base of operations is the permanent place from which employees start work and customarily return in order to receive instruction from the taxpayer or communications from their customers or other persons; to replenish stock or other material; to repair equipment; or to perform any other functions necessary in the exercise of their trade or profession at some other point or points.

When determining income or loss apportionment on Worksheet IV, Section A or B, the numerator of the payroll factor is the taxpayer's total compensation paid to employees for working within the LAMBRA during the taxable year. See Worksheet IV, Section A/B, column (b).

When determining income apportionment on Worksheet IV, Section A, the denominator of the payroll factor is the total taxpayer's compensation paid to employees working in California. See Worksheet IV, Section A, column (a).

When determining loss apportionment on Worksheet IV, Section B, the denominator of the payroll factor is the taxpayer's total compensation paid to employees working in all business operation locations. See Worksheet IV, Section B, column (a).

Corporations Filing a Combined Report

Business income for each corporation doing business in a LAMBRA will be its

business income apportioned to California (see FTB Pub. 1061 for further information on combined reports and entity income apportionment). LAMBRA property and payroll factors used in the determination of LAMBRA business income includes only the taxpayer's California amounts in the denominator.

Example: Computation of LAMBRA business income apportioned to each entity operating within the LAMBRA

Parent Corporation A has two subsidiaries, B and C. Corporations A and B operate within the LAMBRA. The combined group operates within and outside California and apportions its income to California using Schedule R. Assume the combined group's business income apportioned to California was \$1,000,000 and Corporation A's and B's share of California business income is \$228,000 and \$250,000, respectively. Corporation A's and B's separate LAMBRA and separate California property and payroll factor amounts are shown as follows.

Business income apportioned to the LAMBRA was determined as follows:

	A	B
Property Factor		
LAMBRA property	\$1,000,000	\$ 800,000
California property	\$1,000,000	\$1,200,000
Apportionment %	100%	66.66%
Payroll Factor		
LAMBRA payroll	\$ 800,000	\$ 800,000
California payroll	\$ 800,000	\$1,000,000
Apportionment %	100%	80%
Average Apportionment % (Property + Payroll Factors) 2	100%	73.33%
Apportioned Business Income	\$ 228,000	\$ 250,000
LAMBRA business income	\$ 228,000	\$ 183,325
(Average Apportionment % X California Business Income)		

Instructions for Worksheet IV – Income or Loss Apportionment

If the business operates solely within a single LAMBRA and all its property and payroll are solely within that single LAMBRA, enter 100% (1.00) on Section A, line 4, column (c) and Section B, line 4, column (c). Do not complete the rest of Worksheet IV.

Section A – Income Apportionment

Use Worksheet IV, Section A, Income Apportionment, to determine the amount of business income apportioned to the LAMBRA. The apportioned LAMBRA business income determines the amount of the tax incentives that can be used.

Only California source business income is apportioned to the LAMBRA. A taxpayer's LAMBRA business income is its California apportioned business income multiplied by the specific LAMBRA apportionment percentage.

The LAMBRA property and payroll factors used in the determination of apportionable business income include only the taxpayer's California amounts in the denominator.

Section B – Loss Apportionment

Use Worksheet IV, Section B, Loss Apportionment, to determine your net operating loss apportioned to the LAMBRA. A taxpayer's LAMBRA net operating loss is its net business operating loss from all

4 Average apportionment percentage (1/2 of line 3). Enter here and on form FTB 3807, Side 1, line 4			

The average apportionment percentage shown on line 4 represents the portion of the taxpayer's total business that is attributable to activities conducted within the LAMBRA. Factors with zero balances in the totals of column (a) will not be included in the computation of the average apportionment percentage. For example, if the taxpayer does not have any payroll within or outside the LAMBRA, the average apportionment percentage would be computed by dividing line 3 by one instead of by two as normally instructed.

sources multiplied by the specific LAMBRA apportionment percentage computed in Worksheet IV, Section B.

The LAMBRA property and payroll factors used in the determination of the apportioned business net operating loss include worldwide amounts in the denominator.

Section C – Income or Loss

Form 540 and Form 540NR filers, use Worksheet IV, Section C to determine the amount to enter on the following:

- Worksheet V, Section A, line 1
- Worksheet V, Section C, line 1 and line 6
- Schedule Z, Part I, line 1 and line 3

Do not include disaster losses in any amounts used in the table.

Only California source business income is apportioned to the LAMBRA. A taxpayer's LAMBRA business income is its California apportioned business income computed using Schedule R, multiplied by the specific LAMBRA apportionment percentage computed using Worksheet IV, Section A.

The first step is to determine which portion of the taxpayer's net income is "business income" and which portion is "nonbusiness income." Only business income is apportioned to the LAMBRA. See Part IV, Portion of Business Attributable to the LAMBRA, for a complete discussion of business and nonbusiness income.

~~Business income or loss reported on Schedules C, C-EZ, E, F, and other schedules are reported on line 6 through line 9. Line 11 and line 12 report business gains or losses reported on Schedule D and Schedule D-1. All business income and losses should be adjusted for any differences between California and federal amounts as shown on the Schedule CA (540 or 540NR).~~

Part I Individual Income and Expense Items

Wages

Taxpayers with wages from a company located within and outside a LAMBRA must determine the LAMBRA wage income by entering the percentage of time that they worked within

the LAMBRA in column (b). The percentage of time should be for the same period the wages entered on line 1 were earned. This percentage must be determined based on their record of time and events such as a travel log or entries in a daily planner.

Part II Pass-Through Income or Loss

Multiple Pass-Through Entities

If you are a shareholder, beneficiary, partner, or member in multiple pass-through entities with businesses located within and outside a LAMBRA from which you received LAMBRA business tax incentives, see the example below for computing business income in the LAMBRA.

Example:

Pass-through entity	Trade or business income from Schedule K-1 (100S, 541, 565, or 568)	Entity's LAMBRA apportionment percentage	LAMBRA apportioned income
ABC, Inc.	\$40,000	80%	\$32,000
A, B, & C	30,000	10%	3,000
ABC, LLC	10,000	50%	5,000
Total			\$40,000

Enter here and on Worksheet V, Section B, line 4

The average apportionment percentage shown on line 4 represents the portion of the taxpayer's total business that is attributable to activities conducted within the LAMBRA. Factors with zero balances in the totals of column (a) will not be included in the computation of the average apportionment percentage. For example, if the taxpayer does not have any payroll within or outside the LAMBRA, the average apportionment percentage would be computed by dividing line 3 by one instead of by two as normally instructed.

Part III Taxpayer's Trade or Business

Business Income or Loss

Use business income or loss from federal Form 1040 Schedules C, C-EZ, E, and F, plus California adjustments from Schedule CA (540 or 540NR) for each trade or business. Also include business capital gains and losses from Schedule D and business gains and losses from Schedule D-1 as adjusted on Schedule CA (540 or 540NR).

Income Computation

Located Entirely Within the LAMBRA

Line 6 – Line 9: If your business operation reported on Schedule C, C-EZ, E, F, or other schedule is entirely within the LAMBRA, enter the income or loss from this activity in column (a), and enter 1.00 in column (b).

Line 11 and Line 12: If the gain or loss reported on Schedule D or Schedule D-1 as adjusted on Schedule CA (540 or 540NR) was attributed to an asset used in an activity conducted entirely within the LAMBRA, enter the gain or loss reported in column (a) and enter 1.00 in column (b).

Located Entirely Within California

Line 6 – Line 9: If your business operation reported on Schedule C, C-EZ, E, F, or other schedule is entirely within California, enter the income or loss from this activity in column (a). To determine the apportionment percentage in column (b), complete Worksheet IV, Section A. Enter the percentage from Worksheet IV, Section A, line 4, column (c) on Worksheet IV, Section C, column (b).

Line 11 and Line 12: If the gain or loss reported on Schedule D or Schedule D-1 as adjusted on Schedule CA (540 or 540NR) was attributed to an asset used in an activity conducted entirely within California, enter the gain or loss reported in column (a). To determine the apportionment percentage in column (b), complete Worksheet IV, Section A. Enter the percentage from Worksheet IV, Section A, line 4, column (c) on Worksheet IV, Section C, column (b).

Located Within and Outside the LAMBRA and California

and complete line 1 through line 18b and line 27 through line 31. Enter the amount from Schedule R, line 18b and line 31 in column (a) of this worksheet. To determine the apportionment percentage in column (b), complete Worksheet IV, Section A. Enter the percentage from Worksheet IV, Section A, line 4, column (c) on Worksheet IV, Section C, column (b).

When computing Schedule R, disregard any reference to Form 100, Form 100W, Form 565, or Form 568. Also disregard any reference to Schedule R-3, Schedule R-4, or Schedule R-5, and skip line 16.

Nonresidents who have an apportioning business that operates within the LAMBRA should have already computed Schedule R, and can use those amounts when that schedule is referenced.

Residents complete a Schedule R in order to determine their California source business income for purposes of the LAMBRA credit computation.

Line 11 and Line 12: If the gain or loss reported on Schedule D or Schedule D-1 as adjusted on Schedule CA (540 or 540NR) was attributed to an asset used in an activity conducted within and outside a LAMBRA and California, get Schedule R and complete Schedule R-1. Multiply the gain or loss reported by the percentage on Schedule R-1, line 5 and enter the result in column (a). To determine the apportionment percentage in column (b), complete Worksheet IV, Section A. Enter the percentage from Worksheet IV, Section A, line 4, column (c) on Worksheet IV, Section C, column (b).

Line 14 – If you are computing the LAMBRA NOL and the result on the Worksheet IV, Section C, line 14, column (c) is a **negative** amount, enter this amount on Worksheet V, Section A, line 1.

If the amount is **positive**, you do not have a LAMBRA NOL.

If you are computing the LAMBRA business income and the result on the Worksheet IV, Section C, line 14, column (c) is a **positive** amount and:

- You have LAMBRA NOL carryovers, enter the amount on Worksheet V, Section C, line 1 and line 6 (skip line 2 through line 5).
- You have LAMBRA credits or credit carryovers, enter the amount on Schedule Z, line 1 and line 3 (skip line 2).

If the amount is **negative**, you do not have any business income attributable to the LAMBRA and you cannot utilize any LAMBRA NOL carryover, credit(s), or credit carryover(s) in the current taxable year.

Loss Computation

Line 6 – Line 9: If your business operation reported on Schedule C, C-EZ, E, F, or other schedule is entirely within the LAMBRA,

enter the income or loss from this activity in column (a), and enter 1.00 in column (b).

Line 11 and Line 12: If the gain or loss reported on Schedule D or Schedule D-1 as adjusted on Schedule CA (540 or 540NR) was attributed to an asset used in an activity conducted entirely within the LAMBRA, enter the gain or loss reported in column (a) and enter 1.00 in column (b).

Located Within and Outside the LAMBRA

Line 6 – Line 9: If your business operation reported on Schedule C, C-EZ, E, or other schedule is within and outside the LAMBRA, enter the income or loss from this activity in column (a). To determine the apportionment percentage in column (b), complete Worksheet IV, Section B. Enter the percentage from Worksheet IV, Section B, line 4, column (c) on Worksheet IV, Section C, column (b).

Line 11 and Line 12: If the gain or loss reported on Schedule D or Schedule D-1 as adjusted on Schedule CA (540 or 540NR) was attributed to an asset used in an activity conducted within and outside the LAMBRA, enter the gain or loss reported in column (a). To determine the apportionment percentage in column (b), complete Worksheet IV, Section B. Enter the percentage from Worksheet IV, Section B, line 4, column (c) on Worksheet IV, Section C, column (b).

Line 14 – See line 14 under Income Computation.

Part V Net Operating Loss (NOL) Carryover and Deduction

~~For taxable years beginning on or after January 1, 2004, California has reinstated the Net Operating Loss (NOL) carryover deductions. The carryover periods for an NOL incurred in years:~~

- ~~• Beginning before January 1, 2002, have been extended for two years.~~
- ~~• Beginning on or after January 1, 2002, and before January 1, 2003, have been extended for one year.~~

~~For taxable years beginning on or after January 1, 2004, 100% of the NOL may be carried forward. For more information, get forms FTB 3805V and 3805Q.~~

An NOL generated by a business that operates or invests within a LAMBRA can be carried forward for 15 years but cannot be carried back. Financial institutions using the bad debt reserve method may carry over the loss for a maximum of five taxable years. In addition, up to 100% of the NOL generated in a LAMBRA can be carried forward.

The business cannot generate NOLs from activities within the LAMBRA area before the first taxable year beginning on or after the date the LAMBRA is officially designated.

Limitation

A LAMBRA NOL deduction can offset only business income attributable to operations within the LAMBRA.

Election

Elect and designate the carryover category (general or specific, ~~enterprise zone~~, LAMBRA, TTA, or Pierce's disease NOL) on the original return for the year of a loss and file form FTB 3807 for each year in which a LAMBRA NOL deduction is being taken. The election is **irrevocable**.

If you elect the LAMBRA NOL deduction, you are prohibited by law from carrying over any other type of NOL, from this year.

To determine which type of NOL will provide the greater benefit, taxpayers that have general or specific, ~~enterprise zone~~, LAMBRA, TTA, NOL or that may qualify for the special NOL treatment should estimate future income and complete Worksheet V and the following forms or worksheets if applicable:

- FTB 3805V, Net Operating Loss (NOL) Computation and NOL and Disaster Loss Limitations — Individuals, Estates, and Trusts
- FTB 3805Q, Net Operating Loss (NOL) Computation and NOL and Disaster Loss Limitations — Corporations
- FTB 3805Z, Enterprise Zone Business Booklet, Schedule Z
- FTB 3809, Targeted Tax Area Business Booklet, Worksheet V

Alternative Minimum Tax

Taxpayers claiming a LAMBRA NOL deduction, determine your NOL for alternative minimum tax (AMT) purposes. Use Schedule P (100, 100W, 540, 540NR, or 541) to compute the NOL for AMT purposes.

S Corporations

LAMBRA NOLs incurred prior to becoming an S corporation cannot be used against S corporation income. See IRC Section 1371(b).

However, an S corporation is allowed to deduct a LAMBRA NOL incurred after the "S" election is made. An S corporation may use the NOL as a deduction against income subject to the 1.5% entity-level tax (3.5% for financial S corporations). The expenses (and income) giving rise to the loss are also passed through to the shareholders in the year the loss is incurred.

NOL Carryover Amount — Businesses Operating Totally Within the LAMBRA

For calendar and fiscal year taxpayers with all payroll and property within a LAMBRA, the NOL carryover is determined by computing the business loss that results from business activity in the LAMBRA.

NOL Carryover Amount — Businesses Operating Totally Within and Outside the LAMBRA

If the business is located within and outside or in more than one LAMBRA, the loss amount available for carryover is determined by apportioning the total business loss of the entity attributable to the LAMBRA pursuant to the provisions of R&TC Chapter 17 (commencing with Section 25101) with certain modifications to the apportioning factors. The

apportionment factors include the property and payroll factors, and they compare the LAMBRA property and payroll to total property and payroll. The loss calculation is done on Worksheet V, Section A for individuals and exempt trusts, and Worksheet V, Section B for corporations. The apportionment factor calculation is done on Worksheet IV, Section B for business entities and Worksheet IV, Section C for individuals. The loss carryover is deducted against income apportioned by each business to the LAMBRA in subsequent years. This calculation is done on Worksheet V, Section C.

Corporations that are members of a unitary group filing a combined report, separately compute the loss carryover for each corporation in the group (R&TC Section 25108) using their individual apportionment factors. Unlike the NOL treatment on a federal consolidated return, a loss carryover for one member included in a combined report may not be applied to the intrastate apportioned income of another member included in a combined report.

For any water's-edge taxpayer, R&TC Section 24416(c) imposes a limitation on the NOL deduction if the NOL is generated during a non-water's edge tax year. The NOL carryover is limited to the lesser of the NOL or the re-computed NOL. The re-computed NOL carryover is determined by computing the income and factors of the original worldwide combined reporting group, as if the water's-edge election had been in force for the year of the loss. R&TC Section 24416(c) serves as a limitation. If this section applies, the NOL carryover for each corporation may only be decreased, not increased.

Instructions for Worksheet V — **NOL Computation and Loss Limitations**

Individuals and exempt trusts with a current year loss complete Section A. Corporations with a current year loss complete Section B. Individuals, exempt trusts, and corporations with current year income and a prior year LAMBRA NOL carryover complete Section C.

Section A – Computation of Current Year NOL — Individuals and Exempt Trusts

Use this section to compute the LAMBRA NOL to be carried over to future years by individuals and exempt trusts. Complete Section A only if you have a current year loss.

Complete form FTB 3805V, ~~Net Operating Loss (NOL) Computation and NOL and Disaster Loss Limitations — Individuals, Estates and Trusts~~, before you compute the allowable LAMBRA loss.

To compute the LAMBRA NOL, separate business income and deductions from nonbusiness income and deductions. See Part IV for a complete discussion of business and nonbusiness income.

Section B – Computation of Current Year NOL — Corporations

Use this section to compute the LAMBRA NOL to be carried over to future years for corporations. Complete Section B only if the corporation has a current year loss.

You must complete form FTB 3805Q, ~~Net Operating Loss (NOL) Computation and NOL and Disaster Loss Limitations — Corporations~~, before you can compute the allowable LAMBRA loss.

Section C – Computation of NOL Carryover and Carryover Limitations — Individuals, Exempt Trusts, and Corporations

A LAMBRA NOL deduction can offset only business income attributable to operations within the LAMBRA. Use this worksheet to compute the LAMBRA NOL deduction for ~~corporations, individuals, and~~ exempt trusts.

Line 1 — See Part IV for a complete discussion of business and nonbusiness income.

Form 540 and Form 540NR filers:

Be sure to include casualty losses, disaster losses, and any business deductions reported on Schedule A as itemized deductions.

Exception: If you elected to carry back part or all of your current year disaster loss under IRC Section 165(i)(1), do not include the amount of loss that was carried back in your current year business income for the LAMBRA.

Line 2 — In modifying your income, deduct your capital losses only up to your capital gains. Enter as a positive number any net capital losses included in line 1.

Line 3 — Corporations reduce income by the disaster loss deduction and the deduction for excess net passive income.

Line 6 — This is your modified taxable income (MTI). Reduce this amount by your LAMBRA NOL deduction. The LAMBRA NOL deduction may not be larger than your MTI. If your MTI is a loss in the current year or if it limits the amount of NOL you may use this year, carry over the NOL to future years.

Line 7 — Enter the amount from line 6 in column (d). If this amount is zero or negative, transfer the amounts from line 8 through line 18, column (b) to column (e). Go to line 19.

Line 8 — Line 18: Enter the amounts on line 8 through line 18 as positive numbers.

In column (c), enter the smaller of the amount in column (b) or the amount in column (d) from the previous line.

In column (d), enter the result of subtracting column (c) from the balance on the previous line in column (d).

In column (e), enter the result of subtracting the amount in column (c) from the amount in column (b), as applicable.

Schedule Z Computation of Credit Limitations

Credit Limitations

The amount of credit you can claim on your California tax return is limited by the amount of tax attributable to LAMBRA business income. Use Schedule Z on form FTB 3807, Side 2 to compute this limitation.

If a taxpayer owns an interest in a disregarded business entity, the amount of credit that can be utilized is limited to the difference between the taxpayer's regular tax computed with the income of the disregarded entity, and the taxpayer's regular tax computed without the income of the disregarded entity.

Partnerships allocate the credit among the partners according to the partner's distributive share as determined in a written partnership agreement. See R&TC Section 17039(e).

Credits you are otherwise eligible to claim may be limited. Do not apply credits against the minimum franchise tax (corporations and S corporations), the annual tax (partnerships, LLCs classified as partnerships, and QSub), the alternative minimum tax (corporations, exempt organizations, individuals, and fiduciaries), the built-in gains tax (S corporations), or the excess net passive income tax (S corporations).

Refer to the credit instructions in your tax booklet for more information.

S Corporations and the Application of LAMBRA Credits

An S corporation may use its LAMBRA credits to reduce LAMBRA business tax both at the corporate and shareholder levels. An S corporation may use 1/3 of the LAMBRA credits to reduce the tax on the S corporation's LAMBRA business income. In addition, S corporation shareholders may claim their pro-rata share of the entire amount of the

LAMBRA credits computed under the Personal Income Tax Law.

Example: In 2007, an S corporation qualified for a \$3,000 LAMBRA hiring credit. The S corporation will be able to use 1/3 of the credit (\$3,000 X 1/3 = \$1,000) to offset the tax on the corporation's LAMBRA business income. The S corporation will also pass through a \$3,000 credit to its shareholders to offset their individual tax (computed under the Personal Income Tax Law) on LAMBRA business income.

S corporations should attach form FTB 3807 to Form 100S, California S Corporation Franchise or Income Tax Return, to claim the tax credits.

Shareholders should attach Schedule(s) K-1 (100S), Shareholder's Share of Income, Deductions, Credits, etc., to their individual tax return.

Carryover

If the amount of credit available this year exceeds your LAMBRA business tax, you may carryover any excess credit to future years until exhausted. Apply the carryover to the earliest taxable year possible. In no event can the credit be carried back and applied against a prior year's tax or transferred to another taxpayer.

For S corporations, the amount of the 1/3 credit that is in excess of the 1.5% entity-level tax (3.5% for financial S corporations) in the current year may also be carried forward and used in future years to offset the 1.5% entity-level tax (3.5% for financial S corporations). See the instructions for Schedule Z, Part III for more information.

Credit Code Number

Use credit code number **198** to claim the LAMBRA hiring and sales or use tax credits. Using an incorrect code number may cause a delay in allowing the credit(s).

Instructions for Schedule Z — Computation of Credit Limitations

Reporting Requirements of S Corporations, Estates, Trusts, and Partnerships

Partnerships

Do not complete Schedule Z. However, the partners and members of these types of entities should complete Schedule Z in order to determine the amount of LAMBRA credits that they may claim on their California tax returns.

- S corporations and their shareholders complete Schedule Z.
- Report to shareholders, beneficiaries, partners, and members, the distributive or pro-rata share of business income, loss, and deductions apportioned to the LAMBRA.
- Separately state the distributive or pro-rata share of any business capital gains and losses apportioned to the LAMBRA included in the amount above.

S Corporations

Complete Part I and Part III of Schedule Z if your entity-level tax before credits is more than the minimum franchise tax.

Corporations and S Corporations subject to the minimum franchise tax only

Complete only Part IV of Schedule Z.

All others: Complete Part I and Part II of Schedule Z.

Part I

For filers with NOLs or NOL carryovers.

- Complete Worksheet V first if you have a current year NOL or an NOL carryover.
- Then complete Schedule Z if you have any LAMBRA credits.

If you do not have a current year NOL or any NOL carryovers:

- Individuals: Go to Worksheet IV, Section C. Follow the worksheet instructions. Enter the amount from Worksheet IV, Section C, line 14, column (c) on Schedule Z, Part I, line 1 and line 3 (skip line 2).
- Corporations: Follow the instructions for line 1 below.

Line 1 – Enter all trade or business income. See Part IV for the definition of trade or business income.

Line 2 – If your business is located entirely within the LAMBRA, enter 1.

This percentage is the apportionment percentage computed by the entity using Worksheet IV, Section A, and represents the percentage of the entity's business income attributable to the LAMBRA.

Line 6a – Compute the tax as if the LAMBRA taxable income represented all of your taxable income.

Individuals

Use the tax table or tax rate schedule in your tax booklet for your filing status.

Exempt organizations

Use the applicable tax rate in your tax booklet.

Corporations and S Corporations

Use the applicable tax rate.

Example: (Determination of LAMBRA Business Income for Shareholders, Partners, or Members of Pass-Through Entities)

John Anderson is vice president of ABC, Inc., an S corporation that has two locations: one within the LAMBRA and one outside the LAMBRA. Eighty percent (80%) of the S corporation's business is attributable to the LAMBRA.

This percentage was determined by ABC, Inc. using Worksheet IV, Section A, when ABC's California S corporation return (Form 100S) was prepared. John divides his time equally (50/50) between the two offices of ABC, Inc.

Jackie Anderson (John's spouse/RDP) works for ABC, Inc. at its office located within the LAMBRA.

John and Jackie Anderson have the following items of California income and expense for the 2007 taxable year:

John's salary from ABC, Inc. \$100,000
 Jackie's salary from ABC, Inc. 75,000
 Interest on savings account 1,000
 Dividends 3,000
 Schedule K-1 (100S) from ABC, Inc.:
 Ordinary income 40,000
 LAMBRA business expense deduction (5,000)*
 John's unreimbursed employee expenses from federal Schedule A . . (2,000)

*The LAMBRA business expense deduction is a separately stated item on Schedule K-1 (100S), line 11.

The Anderson's LAMBRA business income (total amount to be reported on line 3) is computed as follows:

John's LAMBRA salary
 (\$100,000 x 50%) \$50,000
 Jackie's LAMBRA salary
 (\$75,000 x 100%) 75,000
 Pass-through ordinary income from
 ABC, Inc. (\$40,000 x 80%) 32,000
 LAMBRA business expense
 deduction from ABC, Inc. (5,000)
 John's unreimbursed employee
 business expenses
 (2,000 x 50%) (1,000)
 Total LAMBRA business income
 (Schedule Z, Part I, line 3) \$151,000

The standard deduction and personal or dependency exemptions are not included in the computation of LAMBRA business income since they are not related to trade or business activities.

John and Jackie must compute the tax (to be entered on Schedule Z, Part I, line 6a) on the total LAMBRA business income of \$151,000 (as if it represents all of their income). Using the instructions on their personal income tax return for filing status married/RDP filing jointly, the 2007 tax computed on \$151,000 is \$9,654.

Line 6b – Corporations and S corporations

If the amount on line 6b is the minimum franchise tax (\$800), you cannot use your LAMBRA credits this year. You should complete Part IV of the worksheet to compute the amount of credit carryover.

Part II

Use Part II of Schedule Z if you are a corporation, individual, estate, or trust.

Corporations and S corporations that are subject to paying only the minimum franchise tax, go to Part IV.

Line 8A, column (e) – Enter the amount from line 7. This is the amount of limitation based on the tax on LAMBRA business income.

Line 8A, column (f) – Enter the amount of credit that is used on Schedule P (100, 100W, 540, 540NR, or 541), column (b). The amount cannot be greater than the amount on line 8A, column (e) or the amount computed on

line 8B, column (d). Enter this amount on form FTB 3807, Side 1, line 2a.

Line 8B, column (b) – Enter the amount of the current year credit that was computed on Worksheet I, Section A, line 6.

Line 8B, column (c) – Enter the amount of the total prior year carryover of the credit. This is the amount of credit that was previously computed on Worksheet I, Section A in the prior year, minus the amount that was allowed to be taken on the prior year return.

Line 8B, column (d) – Add the amount of the current year credit on line 8B, column (b) and the amount of the total prior year carryover on line 8B, column (c).

Line 8B, column (e) – Compare the amounts on line 8A, column (e) and line 8A, column (f). Enter the smaller amount.

Line 8B, column (g) – Subtract the amount on line 8B, column (e) from the amount on line 8B, column (d). Enter the result on line 8B, column (g). This is the amount of credit that can be carried over to future years.

This carryover includes both the Schedule P (100, 100W, 540, 540NR, or 541) limitation and the limitation based on LAMBRA business income.

Line 9A, column (e) – Subtract the amount on line 8B, column (e) from the amount on line 8A, column (e). If the result is zero, your remaining credits are limited and must be carried over to future years. In this case,

Example: Part II

Assume the ABC Business has \$8,000 of tax. The business computed a credit limitation based on LAMBRA business income of \$7,000 on Schedule Z, line 5. The business has the following credits:

Hiring credit \$ 500
 Sales or use tax credit \$9,000

Schedule Z, Part II would be computed as follows:

Part II Limitation of Credits for Corporations, Individuals, Estates, and Trusts.

	(a) Credit name	(b) Credit amount	(c) Total prior year carryover	(d) Total credit col. (b) plus col. (c)	(e) Limitation based on LAMBRA business income	(f) Used on Schedule P can never be greater than col. (d) or col. (e)	(g) Carryover col. (d) minus col. (e)
8	Hiring credit				7,000	500	
		500	–0–	500	500		–0–
9	Sales or use tax credit				6,500	6,500	
		9,000	–0–	9,000	6,500		2,500

enter the amount from line 9B, column (d) on line 9B, column (g).

Line 9A, column (f) – Enter the amount of credit that is used on Schedule P (100, 100W, 540, 540NR, or 541), column (b). The amount cannot be greater than the amount on line 9A, column (e) or the amount computed on line 9B, column (d). Enter this amount on form FTB 3807, Side 1, line 2c.

Line 9B, column (b) – Enter the amount of the current year credit that was computed on Worksheet II, Section A, line 2, column (c).

Line 9B, column (c) – Enter the amount of the total prior year carryover of the credit. This is the amount of credit that was previously computed on Worksheet II, Section A minus the amount that was allowed to be taken on the prior year return.

Line 9B, column (d) – Add the amount of the current year credit on line 9B, column (b) and the amount of the total prior year carryover on line 9B, column (c).

Line 9B, column (e) – Compare the amounts on line 9A, column (e) and line 9A, column (f). Enter the smaller amount.

Line 9B, column (g) – Subtract the amount on line 9B, column (e) from the amount on line 9B, column (d). Enter the result on line 9B, column (g). This is the amount of credit that can be carried over to future years. This carryover includes both the Schedule P (100, 100W, 540, 540NR, or 541) limitation and the limitation based on LAMBRA business income.

Part III

Use Part III of Schedule Z only if you are an S corporation. Adjust Schedule C (100S) to reflect the LAMBRA business tax limitation (Part I, line 7) after completing this worksheet.

Line 10 and Line 11, column (b) – Enter the amount of current year credits (that were computed on Worksheet I and Worksheet II) in column (b) for line 10 and line 11, as applicable. Also include this amount on Form 100S, Schedule K, line 13d.

Line 10 and Line 11, column (c) – Multiply the amount on line 10, column (b) and line 11, column (b) each by 1/3. Enter the result in column (c). The amounts in column (c) are the maximum amounts of the current year credits that may be used by the S corporation to offset its 1.5% entity-level tax (3.5% for financial S corporations). Also include this amount on Form 100S, Schedule C.

Line 10 and Line 11, column (d) – Enter the amount of the total prior year credit carryover. This is the amount of credit that was previously computed on the prior year Worksheet I or Worksheet II, minus the amount that was allowed to be taken on the prior year return.

Line 10 and Line 11, column (e) – Add the amounts of the current year credits in column (c) and the total prior year carryovers in column (d).

Line 10 and Line 11, column (f) – Enter the amount of credit that was used by the S corporation in the current year to offset its 1.5% entity-level tax (3.5% for financial S corporations). Enter the amount in column (f) for line 10 and line 11 on form FTB 3807, Side 1, line 2a and line 2c, as applicable.

Line 10 and Line 11, column (g) – Subtract the amount in column (f) for each line from the amounts in column (e). These are the amounts of credits that can be carried over to future years and used by the S corporation.

Part IV

Use Part IV of Schedule Z if you are a corporation or S corporation subject to paying only the minimum franchise tax.

Line 12 and Line 13, column (b) – Enter the amount of current year credits (that were computed on Worksheet I and Worksheet II) on line 12, column (b) and line 13, column (b), as applicable. S corporations may only enter 1/3 of the amounts from Worksheet I and Worksheet II.

Line 12 and Line 13, column (c) – Enter the amount of the total prior year carryover. These are the amounts of credits that were previously computed on Worksheet I and Worksheet II in the prior years, minus the amount that was allowed to be taken on the prior year return. S corporations may only enter 1/3 of the amounts from Worksheet I and Worksheet II.

Line 12 and Line 13, column (d) – Add the amounts in column (b) and column (c) for line 12 and line 13. These are the amounts of credits that can be carried over to future years.

How to Get California Tax Information

(Keep This Page For Future Use)

Your Rights as a Taxpayer

Our goal at the Franchise Tax Board (FTB) is to make certain that your rights are protected so that you will have the highest confidence in the integrity, efficiency, and fairness of our state tax system. FTB Pub. 4058, California Taxpayers' Bill of Rights, includes information on your rights as a California taxpayer, the Taxpayers' Rights Advocate Program, and how you can request written advice from the FTB on whether a particular transaction is taxable. See "Where to Get Tax Forms and Publications" below.

Where to Get Tax Forms and Publications

By Internet – You can download, view, and print California tax forms and publications from our Website at www.ftb.ca.gov.

Access other state agencies' Websites through the State Agencies Directory on California's Website at www.ca.gov.

By phone – To order California tax forms and publications, call our automated phone service. To order a form:

- Refer to the list in your tax booklet and find the code number for the form you want to order.
- Call (800) 338-0505 and follow the instructions.

Please allow two weeks to receive your order. If you live outside California, please allow three weeks to receive your order.

In person – Many libraries and post offices provide free California personal income tax booklets during the filing season. Most libraries and some quick print businesses have forms and schedules for you to photocopy (a nominal fee may apply).

Employees at libraries, post offices, and quick print businesses cannot provide tax information or assistance.

By mail – Write to:
